Free Webinar: A Developmental Framework for Juvenile Cases Dr. Marty Beyer

Applying a developmental framework throughout the duration of a juvenile or decline case is essential. This session will address the impact of immaturity, disabilities, and trauma on a young person before, during and after the offense. The session will also focus on designing developmentally-sound rehabilitation services for each adolescent.

Friday, February 17, 2:00 – 3:00

Attorneys, judicial officers, court employees, and anyone else working in the juvenile justice system is welcome to attend. Application has been made for CLE and CJE credit. [Click Here to Register.](#)
